The EPA administrator is here Thursday morning and I'm supposed to be at the Earth Day event outside the building. So that morning is bad for me. Perhaps 9 AM on the 10th floor (Colorado Room) where we have my regular meeting with superfund senior managers? Hope that can work for Tom.

Enrique:

I guess Christina is out of the office.

Are you and /or Tom maybe available this Thursday to talk with my boss (Dr. Arias) when she visits the ATSDR R9 office about Exide? She is very interested and I think there would be value in talking with her about what EPA R9 is doing around Exide. Maybe just 20-30 minutes to discuss.

Thanks.

Hi Christina:

Please let me know if there is time that works for Enrique next Thursday (4/28) between 9am and Noon. Maybe just 15-20 minutes.

Thanks.

Dr. Ileana Arias, is our Deputy ATSDR/CDC Director. She is visiting our office next Thursday (4/28) between 9am and Noon to visit with ATSDR R9 staff. I thought it might be nice for her to meet you, if you are around. Do you have 15-20 minutes that day to talk with her? It would be a very informal discussion. She is very interested in Exide though, so that might be one topic of interest.

I know it is short notice.

Thanks.
